**INSTRUCTIONS:** Print and color your party hat any way you like. It's fun! Simply cut the hat out (ask a parent for help, kids) along the thick, outside line (figure 1). Create the cone-shaped hat by tucking the tab under the opposite side of the trimmed hat and taping, gluing, or stapling it in place (figures 2 and 3). Add a string or rubber band cut in half by taping or stapling each end to opposite sides of the inside of the base of the hat. Try it on! How does it look?
